PROFESSIONAL EXPERIENCE

Map.ir (Shiveh Narmafzar Gostar Asia)

November 2022 – March 2026

Lead Front-End Developer (Promoted from Front-End Developer) | Tehran, Iran

- National Postal Infrastructure (B2G):** Assumed full ownership of the National Post Company's public portal (Sina) and internal platform (GNAF). Maintained the architecture and delivered new features while mentoring a team member to take over the project.
- Web GIS Platform:** Architected the front-end for a spatial data platform, engineering dynamic dataset filtering, vector and raster tile integration, and a Zustand-powered client-side PDF export engine.
- Offline-First PWA:** Architected an offline-first PWA using IndexedDB to cache gigabytes of vector data, allowing nationwide surveyors to seamlessly sync geographic edits in zero-connectivity environments.
- Cross-Platform Architecture:** Designed a hybrid architecture embedding a React web app inside QGIS via Qt WebView, achieving two-way, real-time geometry synchronization using QWebChannel.
- Web CAD-to-GIS Pipeline:** Engineered a browser-based DXF-to-GeoJSON pipeline utilizing a WASM port of GDAL, featuring a custom Deck.gl georeferencing tool to align floor plans with land parcels.
- Team Leadership & Cross-Functional Impact:** Mentored 3 junior developers and consistently bridged communication gaps between teams, actively stepping into backend workflows to resolve bottlenecks and unblock feature delivery.

Freelance Web Developer

2020 – 2022

Front-End Developer & Digital Specialist | Tehran, Iran

- Honar-e Ashpazi:** Developed a Next.js frontend integrated with a headless WordPress CMS, leveraging Incremental Static Regeneration (ISR) to optimize page load speeds and SEO performance.
- PlusBourse:** Managed digital web infrastructure, designing custom UI elements in Figma and executing content updates to replace an external marketing agency.
